Thoughts from Governor Deb Crawford

March has all the promise of another busy month of Lionism. Clubs are offering Pancake Breakfasts, preparing for Easter Egg Hunts, visits with the Easter Bunny, and setting dates for Roadside Clean Up. Many clubs are celebrating Charter Nights. Through all of this preparation, be sure to set aside some time for Celebration.

The OH1 District Convention will be April 5th and 6th at the Hilton Garden Inn in Findlay, Ohio. The theme is Hawaiian Beach Party. We will kick things off Friday night with a meet and greet with our visiting ID Ron Keller and Lion Kitty from Millersport, Ohio. After the meal, there will be a euchre tournament and the Kalida Lions Club will host a hospitality room. Saturday begins with a cabinet meeting, followed by the necrology service to honor the Lions in our district who have passed this Lions year. After Brunch, we will honor our district Peace Poster winner (who was also the state Peace Poster winner) and hand out a few club and individual awards. In the afternoon voting will take place along with two informative sessions: PDG Barb Plaugher will give a presentation about VOSH trips and Lion Tamarra Parker Stevens will present information about the Lions Passport. Weather permitting, there will be a STRIDES Walk. Donations from the walk will be given toward Diabetes Research.

continued on page 2 below

The Grand Banguet will begin at 5 p.m. After the meal, ID Ron Keller will speak, more awards will be handed out, a guilt will be auctioned off with the proceeds going to Ohio Lions Pediatric Cancer Foundation, and the new OH1 governor will be presented. To end the evening, the Kalida Lions Club will once again sponsor a hospitality room. During the day there will be tables where information about LCIF, OLERF, and STEPS will be available. Please make plans to attend. Registrations are due March 22nd. If you need to reserve a room, this needs to be done by March 6th (mention that you are with the OH1 Lions).

For each petal on the shamrock, this brings a wish your way: good health, good luck, and happiness for today and every day. Serve safely and be the one who serves up kindness and sunshine to all you meet!

Greetings from 2VDG Faith Cataldo-Gauger

Hola Lion Amigos!

This is being written while PGD Craig & I are still in Mexico. I expected that I would be able to report on the Alabama Lions Vision Mission. This is why we come to Mexico every February. We love February in Mexico for several reasons - no snow, sunshine, no snow, beautiful weather, no snow, flowers and of course there is no snow! LOL!

The main reason that we participate in this mission is our love of helping people in a 'handson' personal way. It is so very satisfying to help someone receive something as simple as a recycled pair of eyeglasses that improves their quality of life in so many ways. Young children can see properly to do their school work (I myself had to get eyeglasses while I was in grade school). Adults can do their work better and see better when driving a vehicle, etc. The elderly want to be able to see their grandchildren's faces and do their handcrafts. The Alabama Vision Mission group partners with a local Lions club in Mexico - so we work together with other Lions and learn about their city and culture. It is great to work with fellow Lions! This is always a fun part of each mission trip, since we go to a different city or town each year. Each city or region has things that it is known for or are particularly proud of that they love to share with all of us.

Through the years we have developed quite a few friendships that continue - mostly through facebook. Actually, that came into focus more this year than we would have expected.

Craig & I have been in the habit the past few years of adding extra days before and/or after the clinic week - just for personal sight-seeing. The mission usually lasts one week.

This year Craig & I arrived on the Wednesday before, to sight-see in Guadalajara before meeting up with the rest of the group on Saturday to travel to Ameca for the mission. We were still at the Guadalajara Airport when everyone received a group text from our leader that the mission was cancelled for this year! So we were here already! Now what? Well, we made lemonade out of lemons. We spent a couple days in Guadalajara while figuring out what to do during our now 'free week'. We decided to travel to Morelia, because I have always wanted to see the Monarch butterfly sanctuary in Mexico. It also happens to be where some of our Mexican mission friends live. We were able to meet up with Norma and her husband one evening while we were there. :) Then we were invited by Lions friends to visit them in Calvillo (site of our 2020 mission) and stay with them while there. We had a great time and got to see several others who we also worked with during the 2020 mission.

It has been so fun through our many years as Lions to meet fellow Lions from many places - all around Ohio, the U.S. and around the world. We all have something in common. We are all members of the largest service organization in the world - Lions Clubs International!

You never know where being a Lion might take you or who you will meet along the way. It's GREAT to be a LION! 2nd VDG Faith :) P.S. Invite someone to join you during your next service project!

rVDG Susan Davis

Greetings! I have just completed a week of intense training at St. Charles, Illinois, at the Q Center. There were Lion IVDGs from all over the world. It was interesting to speak with them and to share ideas. We worked with a group from Germany on Thursday afternoon. We attended keynote sessions with everyone-and their electronic translators We were constantly being motivated and inspired by all those around us. I will have to say that I have not seen so many happy people in one place in years! That alone was encouraging.

Now to the nitty gritty. The main push was Mission 1.5. This is an effort to increase our membership world wide to 1 and 1/2 million Lions. The emphasis is on creating new clubs and then taking in new members. We have about 2 years to reach the goal. As I spoke with my group, I think the general consensus was to maintain the membership we have FIRST. We need to communicate to our club members both at meetings and special events. We need to call those who have not attended for awhile AND those who missed the last meeting. All Lions need to feel included in their club activities and in general club news. After maintenance; then comes the new members.

To find those new members be sure to advertise who you are when doing special services or projects as well as just wearing your pin daily. Partner with businesses when you can. Reach out to people who have the same interests as your club's focus. People seem to be resistant to joining, but with some effort, I think we can change minds.

There was much discussion on branch clubs, which are 5 or more people who are an extension of your club. Eventually, they may become 20 or more and form a club of their own. These are Lions that are interested in specific projects and services you are providing. They are sprouting into full fledged Lions.

Specialty clubs, such as environmental enthusiasts, teachers, dog and cat lovers; any which share a common interest, can form a club with 20 or more, and focus on their cause in the name of Lions. The group is already meeting to provide services, so why not include them in Lions where they can secure grants to further their efforts?

LCIF was also a focus. Funding for all of the relief efforts and grants comes from donors. Many of our clubs donate to LCIF annually. Some do not. When you have a minute go to the LCIF site to see what they do and what they can provide for your club. This might make it clear why it is an important part of Lions. Chances are that many of your communities or surrounding communities have received aide from LCIF for weather disasters or even a catastrophic disaster like the train derailment in East Palestine, Ohio. Millions if not billions of dollars are given to help communities. Also, talk to some of our district Lions about park development for handicapped. They have good information to share and were backed by grants from LCIF. Those are happier stories.

I have ideas to share once I become governor. Some came from other states or countries. Sometimes we need to stick our necks out, shake our manes and see what happens. I bragged on OH1 for a week and will continue to do so, no matter what. You ROAR! Keep up the good work.

Council Chairperson Dave Stockum

March Newsletter

Where did February go? What a month. We had a successful Council of Governors Meeting in Grove City at which many pressing issues were decided by the District Governors. Foremost, the DG's approved the language of an issue to be voted on at the MD13 State Convention in May asking the delegates in attendance to decide whether the International Relations Committee remain as part of the MD13 Structure. A second issue approved by the DG's was the language to consider whether to add in the MD13 Policy Manual an unfunded position of New Voices Coordinator to the Global Action Team. PDG Rob Murry informed the DG's that he was retiring from his position as Assistant MD13 Treasurer, and the DG's approved the nomination of PDG Randy Goff to replace Rob beginning July 1, 2024. PDG Rob also announced his intention to step down from the MD13 Liaison Committee, effective the end of June, so DG's will select a replacement for that position at the State Convention. MD13 Lions and OH3 have been blessed by the leadership and service PDG Rob Murry has provided in these two important offices, as well as the OH3 CST, over many years. Thank you, Lion Rob, thank you.

We are close to moving into positive numbers in membership growth for the first time this century! We are currently only 15 members in the red, if you are familiar with accounting terminology. There are many things we can do to put us in the black. We can embrace the Recruiter's Passport Program. Lions who have received this handy guide to recruiting new members have been quite enthusiastic about it. We can accept the Council Chair Challenge to finish the year +2 or better in membership in our clubs. We can invite non-Lions to join us in our service projects. We can put our new members to work and make sure they feel welcome and essential to the life of our clubs. We can make sure we have sufficient orientation to both new and longtime members about how our club, our district and our international organization function. We can remind members who have sponsored new Lions that their duty does not end when the new Lions are installed. We can recognize that not all our members have the same skills and motivations in being part of <u>our</u> organization and work to take advantage of those areas in which they are adept. In other words, growing by adding members is important, but keeping members by following the WE SERVE of Lionism is why we exist.

Best Wishes in the coming months. Plan to attend your District Convention if possible. Spring Ahead (as the Daylight Savings Time folks say) into a season of growth in service.

CC Dave Stockum

KENTON PROUD!

Kenton Lions Sell Sanners

The Kenton Lions Club are selling sponsorships for street banners which will replace the Veterans banners during the winter months. A \$300 sponsorship provides a banner with your company or organization logo and either a "Kenton Proud" or "Support Local" banner. The funds are ear marked for the Pioneer Park project. Pictured in the bucket truck Lion Jason Van Buskirk hanging one of the banners.

Members of the Kenton Lions Club gathered Jan. 30 at the Mary Lou Johnson Hardin County District Library in Kenton to affix labels to eclipse glasses. The club donated 1,000 pairs of solar viewing glasses to be distributed at library programs leading up to and on the eclipse on April 8. Helping with the labeling are (from left) Jack Elsasser, Joan and Bob White, Dave Dulin and Larry Gossard.

Archibold Hosts Habitat For Humanity Program and More

In 2024, the Archbold Lions Club hosted the Futon County Habitat for Humanity to learn about other programs that are related to the playhouse project. We built a playhouse for Habitat for Humanity for a 6 year old in our area. It was interesting to see how engaged Habitat recipients become in the program.

We heard from Bryan Lions member Benjamin Murray about his special machine for seeing better called eSight. We made a donation to NWOLEF in Ben's name for the next model of this machine.

Our Archbold Assistant Chief of Police spoke at the first meeting in February. That night the board also gave a donation to Fairlawn Retirement Community.

Kalida Donates Money to Community

This money will go toward the cleaning and fixing old gravestones in the cemetery.

Middle Point Lions are Caring and Sharing

Caring & Sharing Project - Lions brought turkeys, pork chops, brats and sausage, fruit, and lots of groceries and personal hygiene items to six families in the community who could use a little help over the holidays. The pork came from the 4H project hog that the club bought at the Van Wert County Fair livestock auction. Pictures attached.

On February 9, we served our annual Sandwich Supper scholarship fundraiser prior to a Lincolnview High School boys basketball game. Over 220 sandwiches were served in the school cafeteria, along with sides, desserts, and Lion Joan's famous scotcheroos.

Waynesfield Observes Fat Tuesday

Governor Deb Crawford and 1VDG Sue Davis attended the annual Fat Tuesday dinner provided by Waynesfield Lion Club. The grills were smoked, the ovens were backing and the kitchen was buzzing with excitement. The Girls Scouts had a table of cookies to purchase and there was a bake sale as well. Good time. Good food.

It's Girl Scout Cookie time!

Portage Lions Club and Mc Donald's

Portage Lions Club recently held a successful McDonald's Benefit night. McDonald's kept us busy with many different jobs. We are getting ready to start our annual Vidalia Onion fundraiser. We will be holding our 48th Charter Night on March 25th starting at 6 pm at Christ UMC, Portage. Please RSVP by March 20 to Anne Deutschman, jakgs@dacor.net or 419-354-3014 submitted by Lions PDG Jay and Anne Deutschman

Cabinet Members Collect Legos and Play Dough for Children's Hospital

Perrysburg ROARS!

Perrysburg Lions are very busy doing community service. On 19 January, Miriam Huff and Craig Gauger were among the meal builders at the Feed The Starving Children event held at Maumee's Intermediate School. The team consisting of our 2 Lions and 4 other volunteers built and packed 7½ cases of meals. Each case consisted of 36 bags of a rice-based meal combination with protein and vegetables. Our team was so fast in filling the bags, that we passed about 50 bags to the next table, so that they had bags to work. Altogether, the ten tables of meal builders made 62 cases of meals. This equals 13,392 meals.

On 10 February, Lions Miriam, Craig, Dr. Bob, Duane, and Charles, along with spouses Deb and Linda, and a son-in-law, and 6 grandchildren of Charles and Linda, build 60 beds at the Let's Build Beds, bed build held in Maumee. The team of about 100 volunteers also reconditioned 35 headboards that weren't completed or needed repair from a previous build. Lion Duane, with a team, delivers beds nearly every week to local kids and Deb works organizing the bedding to assure there is enough for each delivery.

Perrysburg Lions are actively collecting plastic to earn a park bench from NexTrex company. We need 1,000#s of plastic for one bench. Right now, we have turned in almost 300#s. The plastic must be the proper type of plastic, be clean and dry and have no tape or other foreign materials on it. Many club members have been saving the plastic. We bag the plastic, photograph it, and deliver it to local Kroger or Meijer stores. We have one year to save the 1,000#s. We registered in this past late December, though we've been saving plastic for a long time. We have Lions Leon, Faith, and Craig who drive local blind and visually impaired folks to appointments and to the Toledo Blind Outreach gathering. They have a meal, prayer, share victories, and remember friends who are ill at their 5-times a year gatherings. There is usually a musical interlude, as well.

We are recycling eyeglasses and aluminum cans. We donate glasses to VOSH and have donated clothing, canes, walkers, and other items to Orphan's Grain Train in Napolean, OH.

We have several future projects in our plans. We have added several new members in the past year and a half. There are more future Lions that we're wooing.

In the Kitchen With Rushylvania Lions

We have had a pancake/ sausage breakfast on Sat. 1/13/26 and brought in record revenue. We also tried for a first time, a sausage gravy and biscuit breakfast, which was also brought in record revenue!!

We updated our kitchen with an updated exhaust fan over our cooking grill, along with a larger capacity microwave oven. Our next pancake/sausage breakfast will be on 3/9/24.

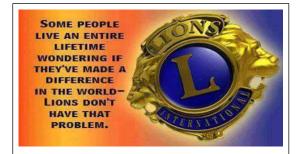

From West Liberty

What a fun way to celebrate Valentine's Daycelebrating some of our favorite friends with dinner delivery! Thank you to West Liberty United Church of Christ for allowing us to use their kitchen, to Marie's Candies for offering their delicious sampler boxes at a discount, and to our members who cooked, delivered and

financially supported this activity!

Bluffton Installs New Members

1ST Vice District Governor Sue Davis installing new members – Mark Bourassa (sponsor Jackie Bourassa) and Dwain Hall (sponsor Barbara Plaugher).

Chevrons for years of service: Lions Mike Minnig 10 yrs; Diane Almanon 10 years; Tom Edwards 15 years; Tracy Steele 15 years; Tim Closson 15 years; Ron Lora 15 years; Laura Voth 15 years; Bob Amstutz 20 years; Ed Yeager 20 years.

Lions Will Be Here

Roaring

DACOR has a booth at the **BG Business Expo** coming up on **Saturday, March 9, 2024** at Pratt Pavilion in the Wood County Fairgrounds. The Expo runs from 10:00am to 3:00pm and admission is free. For more information go to <u>www.bgchamber.net/</u> <u>business-expo/</u>

Sylvania Hot Cocoa Run

Jim and Carol Collins and Deb Chany volunteered at a Hot Cocoa Run on Saturday February 24. It benefited the Sylvania Prevention Alliance to help educate the community on drug awareness.
